

Marco Polo's Business Continuity Planning Disclosure Statement

Marco Polo Securities ("MPS") is required to inform its clients of its business continuity plans in the event of a business disruption that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If after a significant business disruption you cannot contact us at: 212 220-2670, you should call our alternative number: 212-220-2700 or email us at dibarra@mpsecurities.com.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our clearing firm, Sterne, Agee & Leach, Inc. backs up our important records in a separate geographic location. They can be reached at 205-240-1438.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within approximately two to five days.

For more information – If you have questions about our business continuity planning, you can contact us at 212-220-2700 or write us at 144 East 44th Street, 8th Floor, New York, NY 10017 Attn: Compliance Department.
