

MPS HOSTING

Onsite

Marco Polo Hosting is a program that allows our clients to place a dedicated sales team in the US under our supervision. Allowing our clients to have real-time interaction with US-domiciled institutions.

Service Includes:

HR

- Payroll administration and delivery twice monthly
- Benefits set-up and administration
- Annual benefits renewals
- Responses to unique employee needs

Compliance

- Ongoing monitoring of hosted employees' activities and investments to ensure compliance with all US rules and regulations
- Discussion and coordination as needed with home office to ensure compliant operations

Accounting and Finance

- Ongoing coordination with your team regarding monthly transfer for payments
- Cooperation regarding taxation and government regulations that may apply on both sides

IT (optional)

- Set up and delivery of IT software and services, both set-up and ongoing support, as required

Administration (optional)

- Set-up and ongoing management of office space
- Provision of day-to-day office services, e.g. mail and shipping services
